Summary (as of Sep 17, 2021)

Securing Technology Against Climate Impacts Act

This bill expands the Department of Defense (DOD) requirements for its annual report on the national technology and industrial base. Specifically, the bill requires DOD to include in such report information on vulnerabilities related to the current and projected impacts of climate change, as well as vulnerabilities related to cyberattacks or disruptions.

Actions Timeline

- **Sep 17, 2021:** Introduced in House
- **Sep 17, 2021:** Referred to the House Committee on Armed Services.
