Supporting Access to Nurse Exams Act or the SANE Act

This bill reauthorizes through FY2028 and otherwise revises the Sexual Assault Forensic Exam Program. This program provides grants for training, technical assistance, education, equipment, and information relating to the identification, collection, preservation, analysis, and use of DNA samples and other evidence by medical personnel and other professionals treating victims of sexual assault.

Among other changes, the bill (1) expands the types of entities that are eligible to receive a grant under the program; (2) expands the allowable uses of these grants, including to provide full- and part-time salaries for sexual assault nurse examiners and sexual assault forensic examiners; and (3) requires the Department of Justice to establish and update annually a public website on access to forensic nurse examiners.
