Ensuring Sound Guidance Act

This bill generally requires investment advisors and fiduciaries of employer-sponsored retirement plans to make investment decisions based only on pecuniary factors (i.e., factors that a fiduciary prudently determines are expected to have a material effect on the risk and return of an investment based on appropriate investment horizons consistent with the plan's policies and objectives).

The bill allows nonpecuniary factors to be considered in certain situations, such as when a customer specifically requests that these factors be considered or when selecting investment options for certain participant-directed retirement plans.
