College Operational Reporting of Emergencies Involving Teens and Young Adults Safety Act of 2022 or the COREY Safety Act of 2022

This bill expands reporting requirements included in the annual security report provided to current and prospective students and employees of each institution of higher education (IHE).

Specifically, the bill requires each IHE to include in its report information about the number of incidents that result in serious physical harm or death involving (1) transportation on foot or via bikes, scooters, skateboards, longboards, or motor vehicles; (2) ground level and high height slips and falls; (3) alcohol or drug overdoses; and (4) choking or drowning. Further, the IHE must also include in the report a statement containing the name, address, and distance from campus of the closest Level I trauma center.

Additionally, the bill changes the name of the report from *annual security report* to *annual campus safety report*.

Actions Timeline
