Interactive Federal Review Act

This bill revises the environmental review process for federal-aid highway projects.

Specifically, the Department of Transportation (DOT) must

- encourage recipients of federal highway funding to utilize interactive, digital, cloud-based platforms when carrying out environmental reviews under the National Environmental Policy Act of 1969 (NEPA);
- select at least 10 federal-aid highway projects to demonstrate the use of interactive, digital, cloud-based platforms in carrying out the environmental impact analysis and community engagement processes under NEPA; and
- publish technology-neutral best practice guidance to encourage sponsors of projects that receive federal funds from DOT to use an interactive, digital, cloud-based platform in carrying out the environmental impact analysis and community engagement processes required under NEPA.

Actions Timeline

- **Jul 13, 2023:** Introduced in Senate
- **Jul 13, 2023:** Read twice and referred to the Committee on Environment and Public Works.
