Summary (as of Jun 7, 2023)

Children's Hospital GME Support Reauthorization Act of 2023

This bill reauthorizes through FY2028 the Children's Hospital Graduate Medical Education Payment program, which supports education and training for medical residents and fellows in children's hospitals. The bill also bars children's hospitals that provide gender-affirming care to minors from receiving payments through the program.

Under the bill, gender-affirming care generally includes procedures (e.g., surgeries or hormone therapies) that change the body of an individual to correspond to a sex that is different than the individual's biological sex. It excludes, however, specified types of procedures, including those for treating (1) individuals who have both ovarian and testicular tissue or abnormal sex chromosome structure or hormones, or (2) infections or other harms that result from a previous gender-transition procedure.
