### Summary (as of Jul 10, 2023)

#### Public Safety Communications Act

This bill provides statutory authority for the Office of Public Safety Communications within the National Telecommunications and Information Administration to support efforts related to public safety communications. The duties of the office include (1) administering grant programs for Next Generation 9-1-1 systems, which are interoperable Internet Protocol-based systems for receiving 9-1-1 calls; and (2) managing and auditing the First Responder Network Authority, which oversees the communications network for emergency responders and the public safety community.

### Actions Timeline

- **Jul 10, 2023:** Introduced in House
- **Jul 10, 2023:** Referred to the House Committee on Energy and Commerce.
