#### Policy Area:

Science, Technology, Communications

### Related Bills

No related bills are listed.

### Summary (as of Jul 26, 2023)

This bill establishes a program in the National Oceanic and Atmospheric Administration to improve precipitation forecasts. The program must support research, development, and implementation of Earth System Models (i.e., simulations used to understand and project changes in climate and ecosystems), including with respect to precipitation extremes and related weather events.

### Actions Timeline

- **Jul 26, 2023:** Introduced in House
- **Jul 26, 2023:** Referred to the House Committee on Science, Space, and Technology.
