Summary (as of Nov 9, 2023)

Advancing Nuclear Regulatory Oversight Act

This bill requires the Nuclear Regulatory Commission to report to Congress about (1) changes to its regulation of nuclear reactors and materials during the COVID-19 public health emergency, and (2) actions (e.g., the use of risk-informed, performance-based procedures) that may be implemented to enhance the efficiency of oversight and inspection programs.

Additionally, the Government Accountability Office must conduct a review of the commission's office and other facility space requirements and recommend ways to reduce office and facility costs.
