Removing Our Unsecure Technologies to Ensure Reliability and Security Act or the ROUTERS Act

This bill requires the National Telecommunications and Information Administration to conduct a study of the national security risks posed by consumer routers and modems (including devices that combine a modem and router) and provide the results of the study to Congress. The study must address devices that have been developed or manufactured by persons (i.e., individuals and entities) owned by, controlled by, or subject to the influence of China, Iran, North Korea, or Russia.
