Value Over Cost Act of 2024

This bill specifies that contracts and orders under the multiple award schedule program of the General Services Administration (GSA) may be evaluated on *best value*, rather than lowest overall cost, if the GSA determines that to be in the best interests of the federal government. (*Best value* allows consideration of non-cost factors when evaluating contract proposals to determine the offer that provides the greatest overall benefit. The GSA's multiple award schedules provide federal agencies with a simplified process for obtaining commercial supplies and commercial services at prices associated with volume buying.)
