Hydrogen for Industry Act of 2024

This bill requires the Department of Energy (DOE) to establish programs that provide grants or cooperative agreements to support the use of hydrogen in heavy industry. Specifically, DOE must establish a program for projects that demonstrate the uses of hydrogen in heavy industry (e.g., steel, cement, glass, and chemical manufacturing) to support the adoption of hydrogen as an emissions reduction technology. DOE must also establish a program for (1) carrying out projects that demonstrate the end uses of hydrogen; (2) constructing a new commercial-scale facility that will use hydrogen as a fuel or feedstock; or (3) retooling, retrofitting, or expanding an existing facility to enable the use of hydrogen as a fuel or feedstock in industrial end-use applications of hydrogen.

Actions Timeline

- **Sep 26, 2024:** Referred to the Subcommittee on Railroads, Pipelines, and Hazardous Materials.
- **Sep 25, 2024:** Introduced in House
- **Sep 25, 2024:** Referred to the Committee on Science, Space, and Technology, and in addition to the Committees on Energy and Commerce, and Transportation and Infrastructure, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.
