Summary (as of Sep 18, 2025)

This joint resolution nullifies the rule submitted by the Bureau of Land Management (BLM) titled *National Petroleum Reserve in Alaska Integrated Activity Plan Record of Decision* and issued on April 25, 2022. BLM's plan provides for the management of the National Petroleum Reserve in Alaska, which is an approximately 23-million-acre area on Alaska's North Slope. The 2022 plan replaced the 2020 plan and closed approximately 48% of the reserve to oil and gas leasing in order to protect certain surface resources and uses, such as protecting wildlife and providing subsistence for communities. Thus, the joint resolution removes the protections provided under the 2022 plan and reverts to the 2020 plan.
