Unplug the Electric Vehicle Charging Stations Program Act

This bill repeals grant programs that provide funding for electric vehicle charging infrastructure and alternative fueling infrastructure.

Specifically, the bill repeals the Charging and Fueling Infrastructure Grant Program under which the Department of Transportation provides grants for acquiring and installing publicly accessible electric vehicle charging infrastructure, hydrogen fueling infrastructure, propane fueling infrastructure, or natural gas fueling infrastructure that is directly related to the charging or fueling of a vehicle.

It also repeals the National Electric Vehicle Infrastructure Formula Program under which the Federal Highway Administration (FHWA) provides grants for deploying electric vehicle charging infrastructure and establishing a network to facilitate data collection, access, and reliability. In addition, the bill rescinds unobligated funds that were provided to the FHWA for the program and prohibits funds from being used to carry out the program.

Actions Timeline

- **Feb 21, 2025:** Introduced in House
- **Feb 21, 2025:** Referred to the Committee on Transportation and Infrastructure, and in addition to the Committee on Energy and Commerce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.
- **Feb 21, 2025:** Referred to the Subcommittee on Highways and Transit.
