Summary (as of Feb 24, 2025)

Delivering for Rural Seniors Act of 2025

This bill directs the Food and Nutrition Service (FNS) to award competitive grants to state agencies under a home delivery pilot program for participants in the Commodity Supplemental Food Program (CSFP).

As background, the CSFP works to improve the health of low-income persons at least 60 years of age by supplementing their diets with nutritious Department of Agriculture foods.

Under the pilot program, a state agency must distribute grant funds to an eligible entity (i.e., a local agency or subdistributing agency) to operate projects that facilitate home delivery of commodities to CSFP participants. Grant funds may be used for costs associated with

- transportation and distribution of commodities to CSFP participants,
- staffing required to operate home delivery services, and
- home delivery outreach to CSFP participants or potential participants.

A state agency must prioritize eligible entities that serve CSFP participants who reside in rural areas.

A state agency must also submit an annual report to FNS about the project, including best practices regarding the use of home delivery to improve the effectiveness of the CSFP.
