Interstate Transport Act of 2025

This bill permits an individual to transport a knife between two places (e.g., states) where it is legal to possess, carry, or transport the knife. The knife must be transported in compliance with the bill's accessibility and secure storage requirements, unless it is an emergency knife or tool designed to cut seat belts.

An individual who is transporting a knife in compliance with this bill may not be arrested for a knife violation unless there is probable cause to believe the individual failed to comply with the accessibility or secure storage requirements.
