Securing Semiconductor Supply Chains Act of 2025

This bill requires the SelectUSA program to solicit comments from state economic development organizations regarding federal efforts to increase foreign direct investment in semiconductor-related manufacturing and production. SelectUSA must then report to Congress on such comments and the strategies that SelectUSA may employ to increase such investment and to secure the U.S. semiconductor supply chain.

SelectUSA is a Department of Commerce program established to coordinate federal efforts to attract and retain business investment in the United States.
