Maximizing Israel-U.S. Research Advancement and Collaborative Leadership in Emerging Medical Technology Act of 2025 or the MIRACLE Medical Technology Act of 2025

This bill requires the Department of Health and Human Services (HHS) to implement a program for the United States and Israel to collaborate on developing and delivering health care products and services. The program must include coordinated activities in specified areas, including research and development, use of innovative technology, intellectual property protection, regulatory harmonization, disease prevention, and biological product manufacturing. The bill authorizes HHS to establish a joint United States-Israel Health Care Collaboration Center in the United States to leverage existing expertise for advancing the program's purposes.
