Summary (as of Jan 24, 2025)

CBO Show Your Work Act

This bill requires the Congressional Budget Office (CBO) to make available to Congress and the public each fiscal model, policy model, and data preparation routine that the CBO uses to estimate the costs and other fiscal, social, or economic effects of legislation.

For each estimate of the costs and other fiscal effects of legislation, the CBO must also disclose, in a manner sufficient to permit replication by individuals not employed by the CBO, the data, programs, models, assumptions, and other details of the computations used to prepare the estimate.

For data that may not be disclosed, the CBO must make available to Congress and the public

- a complete list of all data variables for the data;
- descriptive statistics for all data variables for the data, to the extent that the descriptive statistics do not violate the rule against disclosure;
- a reference to the statute requiring that the data not be disclosed; and
- contact information for the individual or entity who has unrestricted access to the data.
